

DECORATION RECOMMENDATIONS FOR ECOLOGICAL FIBERS PRODUCTS

The following decoration methods are recommended for use on each product line.

Ecological Fibers **strongly recommends** that before any production run, physical tests should be done to assure you meet your design expectations. To request samples, please reach out to your [account representative](#) or log on to www.ecofibers.com.

PRODUCT NAME	OFFSET*	SILK SCREEN	BLIND STAMP	FOIL STAMP	HEAT BURNISH

Ultima® Libre		S	B	F	

* Ecological Fibers' products are not typically offset printed due to their role as covering materials. With this in mind, any attempt at offset printing should only be done after successful testing on the production press machinery.

** Arlington White is offset printable.
